BikeEST 2016

1.-3.07.2016

Competition info

SCHEDULE

01.07. – BikEst sprint. Elva. Starts begin at 17.00

02.07. – Estonian/ Baltic championships middle distance, BikeEST, Elva (WRE). Starts begin at 10.00

03.07 Estonian/ Baltic championships long distance, BikeEST, Elva (WRE). Starts begin at 11.00

PUNCHING

Touch-free SI Air+ system will be used. SI-cards will be distributed in competition centre together with competitor numbers (for bike). After the event SI-cards have to be returned to the organizer

Working range of the controls is 1,8 m. Inside this radius competitor can pass the control on high speed. Successful punch will be confirmed by flashing and beeping during some seconds. If the touch-free punching doesn't function, competitor has to punch manually in special reserve boxes on the map. **NB! Please not hit or touch the controls while passing on bike!**

At the pre-start competitor has to clear and check the SI-card. Check-station will activate the SI-card (it will flash and beep during couple of seconds). Passing through finish gate will switch the SI-card off. We propose SI-card to be attached on your wrist!

SHOWERS

Shower rooms are in the main building of Tartumaa Tervisespordi Keskus (800 meters from the event centre).

BIKE WASH
